PRINCIPAL'S REPORT SPOOKY CARNIVAL

A howling and haunting good time was had last Friday night when our P&C ran a very successful Spooky Carnival. After a two year recess our hard working P&C and the many parent and community volunteers worked solidly for 6 months to organise this fantastic evening. Families from across the town and local area descended like ghoulish spectres on the grounds of Helensburgh Public School. The laughter of children and the smiles on everyone's faces indicated they had a great time at this fabulous family focussed event. I want to thank the great team of organisers and volunteers who helped to make the evening such a success. I also want to thank the many school staff who also helped out on the night and behind the scenes. Our primary playground equipment is one step closer to being built. Thanks everyone.

ILLAWARRA COMBINED BANDS INSTRUMENTAL REHEARSAL

On Wednesday 26 October students from across the Illawarra gathered at our school for a combined band rehearsal. Our students, led by Mrs Alison Garvie, joined over 100 other band members for a rehearsal in preparation for the Illawarra Instrumental Festival to be held on the 24 November at the University of Wollongong. It was an amazing experience for our students to play in such a large group and we look forward to their performance at the upcoming festival. Our school band gave another show stopping performance on Saturday at the 2016 Helensburgh Fair. Well done everyone.

PREFECT NOMINATIONS

Nominations from Year 5 students to be School Prefects for 2017 will be called this week. The school takes very seriously opportunities for students to lead their fellow students. Presently students serve as SRC representatives for their class, House Captains and School Prefects. I hope parents will sit down with their children and talk about this important leadership opportunity. Further details will be distributed this week.

YEAR 5 ADVENTURE PROGRAM

This week students from Year 5 will be participating in a transition to high school project sponsored by Bulli High School. Students who have registered in advanced will be assigned specialist high school classes in areas of high interest. This year our school has been timetabled to engage in the following subjects; forensic science or tools of the trade.

FINANCIAL SYSTEM CHANGE OVER

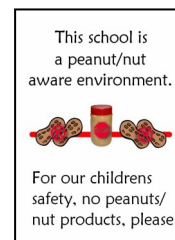

Administration staff have been working their way through the enormous changes required to make our new financial and administrative systems operational. We now have with support from our state service centre and the Westpac bank addressed problems with our online payment system and it is now working well. We would like this to become our preferred method of payment. It is much easier to administer and gives parents the assurance that their payments have been received once a receipt number has been issued. Parents are reminded that the school does not hold petty cash so any payments in cash need to be in the exact money.

School Swimming and Water Safety Program

The School Swimming and Water Safety Program will take place at Helensburgh Swimming Pool from Monday, 14th November to Friday, 25th November 2016.

Students in Years 2 and 3 who have not reached a satisfactory standard of water safety and survival skills, and are unable to swim 25m confidently unaided in deep water, are eligible to participate in the School Swimming and Water Safety Program.

It is an intensive learn to swim program, which develops water confidence and provides students with basic skills in water safety and survival. Students receive ten daily lessons of **45 minutes duration**. The total cost of the scheme for students will be \$40. This includes transport by bus to and from the pool. This is excellent value for 10 consecutive lessons of 45 minutes duration.

Permission notes will be sent home this week with every Year 2 and Year 3 student. Please return the permission note and money to the school or pay online as soon as possible to guarantee a place in the program as places are limited. It will be first in with the money and permission note who will receive a place in the swimming program.

Flutter Friends Foto Competition

Over the last 20 years, butterfly numbers around the world have decreased, due to lower garden diversity and pesticide use. We want to help increase butterfly numbers, starting in our local region.

As part of the FIRST Lego League science and technology competition, Helensburgh's Komplete Kaos 2.0 wants to find out which butterfly species live in the 2508 area. To do this they are holding a Flutter Friends Foto competition. It's really simple to enter:

1. Take photos of butterflies
2. Record the date and location of your photo
3. Share your photo and information to the "Komplete Kaos Inc" Facebook page.

We have some special prizes to give away, and will draw winners at random on 19 November.

Get outside, go shoot some butterflies!

Youth Eco Summit

On Thursday 20th October Green team members went on an excursion to the Youth Eco Summit at Sydney Olympic Park.

For our first workshop we went to the mud (straw, sand and clay). We took our shoes off and stomped in it to make mud bricks.

Next we went to the cow station and learnt how to milk the cow. We also learnt information such as cows can make up to 80L of milk per day!

We looked at feathers, crystals and other natural objects through microscopes. It was interesting to look at all of these items close up. We saw apps High school students had made, telling us interesting information such as how much rubbish people let into the ocean. We also went to a chook workshop and saw a chook lay a warm egg from its cloacka. We saw many interesting exhibits such as electric and solar cars. Finally we went to the Aboriginal rock sharpening station. Then we got the sharpest rock and made a tool out of it and the axe is for our school.

YES was an amazing and interesting day out.

We hope you have enjoyed connecting to your child's online digital portfolio via Seesaw this year. We have found it a great way for you to see what has been happening in your child's class and what lessons, tasks, projects etc they have been involved with. We hope you have enjoyed the selection of work that has been uploaded by your child and their teacher so far this year. Because we are using the free version of Seesaw, your child's portfolio will not follow them to the next school year. As we advised at the beginning of this year, you are able to download and save anything out of your child's Seesaw journal to your computer or device at any time.

You are also able to download everything at once as a .zip archive of your child's journal to save to your computer. You will need to do this via the Seesaw website, not the app. The .zip archive of your child's Seesaw journal will include everything - images, videos, audio recordings, and text notes or captions. Here's how to download it:

Sign into your Parent account at <https://app.seesaw.me>

Click on your Profile Icon on the top left

Click on the Gear Icon

Click on Account Settings

Click on Download Journal Archives and choose the archive you'd like to save.

(Please visit here <http://bit.ly/2dJkFbs> for screenshots of these steps together with these instructions.)

At the end of this year your child's class will be archived by their teacher and you will have 60 days to download the .zip archive of your child's journal. Seesaw will notify parents automatically about this option with instructions when the class is archived. We suggest you have a go at archiving now, or alternatively, start downloading the specific items you would like to keep. Thanks so much for connecting with your child this year via Seesaw and sharing in their learning journey.

The Wollongong Combined Schools Instrument Festival is Thursday 24th November at 7pm.

The rehearsal at school last Wednesday went really well, the festival will be great!

There will be a day time rehearsal at Wollongong Uni during the day on Thursday the 24th of November. There will be a bus to take the children down to and back from the rehearsal. Once we have the costs we will send out a permission note for the bus.

Little Learning Labs

The University of Wollongong would like to invite your students to LITTLE LEARNING LABS and EARLY LEARNING LABS, an academic enrichment holiday program. We are targeting high achieving students from Year 1 to Year 6 during 2016. Workshop content will be pitched one stage above their current stage.

Dates:

LITTLE LEARNING LABS (for Years 1 & 2 during 2016):

3 – 4 January, 2017 (3D Printing For Little Labbers only)

5 – 6 January, 2017 (All other workshops)

EARLY LEARNING LABS (for Years 3 to 6 during 2016)

10 – 11 January, 2017 (All workshops but Visual Arts based) 12 – 13 January, 2017 (Visual Arts workshops only)

Venue: University of Wollongong, Wollongong Campus **Applications close: 9 November, 2016**

Workshops are both rigorous and challenging. This is a wonderful opportunity for students to socialise with like-minded peers within a university setting.

How students attend:

Students can obtain a flyer and letter of invitation to take home to their family. Please see Mrs Tipping if you require one.

Parents/Guardian (or school if parent/guardian is unable to) fill out the online application form found at: <http://www.uow.edu.au/in2uni-myway/learninglabsyr1-yr6/>

The purpose of the Pro forma letter of invitation:

The letter of invitation can be photocopied and given to selected students to take home. This can serve as the student's 'teacher nomination letter' which will be recognised as a piece of supporting documentation to attend the program. Students do not need other supporting documentation if they have a teacher nomination letter. You will find all information pertaining to this under the 'Supporting Documentation' section on the website.

For further information about workshops and the application process please go to: <http://www.uow.edu.au/in2uni-myway/learninglabsyr1-yr6/>

Please know that workshops fill very quickly; it is helpful to get this information out to your targeted students to avoid disappointment. Those who miss out for the January program will be given priority placement for the July 2017 program.

BURGH'S GOT TALENT

Auditions for "Burgh's Got Talent" for students in years 2-6 will be held this term during lunchtimes starting from Week 6.

So, start practicing your dances, songs, acts, comedy skits, circus tricks, poetry recitals...etc. Auditions will be judged by Mrs Tipping. Students/Groups who are selected will perform at the "BURGH'S GOT TALENT" whole school performance on Friday 9th December, 2016 (12.30pm – recess).

Students need to put their permission slips in a box that will be labelled "Burghs Got Talent" at the office, before school each morning. I will inform them of their audition date as soon as possible. Group performers need to be ready to audition together. They do not require costumes at the audition, but they do need their music. Also, make sure that the item is reasonably polished and your child is confident to perform on stage.

If your child/children are interested in entering, please fill in the permission slip below and return it to Mrs Tipping's box at the office by Friday 11/11/16. Your child will then be informed of their audition date and time.

Please remember this is a fun, non-competitive annual event that we all look forward to. Encourage your child to be respectful and inclusive if they are auditioning as part of a group. Conflict between group members can be upsetting and will not be tolerated.

My child _____ of class _____ Would like to participate in the 2016 Burgh's Got Talent

He/She will be performing by him/herself or with _____ as a group

His/her item will be _____ or it is yet to be decided.

FRENCH @ Helensburgh Public School in 2017

LCF Fun Languages have been teaching languages to 2-12 year old children around the globe for 25 years. We are well-established at public and independent schools across Sydney and Melbourne and are now also in the Illawarra!

Our Methodology

Children love the LCF Clubs' fun approach to language learning, which involves lots of games, songs, drama and activities to fire the imagination. You will be amazed at how quickly they learn their chosen language.

Our Teachers

We are proud of our team of native speaking teachers. They are all fully trained and supplied with the latest language teaching resources.

The Benefits

A second language boosts children's cognitive development and assists their overall learning capabilities. It prepares children for High School language studies and is a great asset in later life.

Expression of Interest

Please indicate below your interest in a French Club at Helensburgh PS for your child:

YES, I am interested in having my child attend a French Class.
